FOR IMMEDIATE RELEASE

Points North Economic Consulting Partners with Goldstone Consulting Group to Deliver Global Site Selection Solutions

Saskatchewan, Canada—October 26, 2026—Points North Economic Consulting (PNEC) is proud to announce a new strategic partnership with Goldstone Consulting, a leading U.S.-based site selection and economic advisory firm. This joint collaboration will bring a powerful blend of Canadian economic development expertise and international site selection capabilities to businesses and communities across North America.

PNEC, founded by A.G. Bert Roach, brings over two decades of municipal economic development experience in Alberta and Saskatchewan. Known for affordable, tailored solutions for rural communities, PNEC supports municipal strategic planning, business retention, expansion, and grant strategies.

Goldstone Consulting Group, headquartered in Missouri, is renowned for its data-driven site selection services. With a focus on labor market analytics, housing studies, and employment base reviews, Goldstone helps communities prepare for new investment, ensuring they are ready for businesses seeking growth.

Together, PNEC and Goldstone will serve as a bridge for Canadian companies expanding into international markets and for global businesses seeking to establish themselves in Canada. By combining Goldstone's global insights with PNEC's local knowledge, this partnership will unlock new opportunities for communities and businesses alike.

About Points North Economic Consulting
Points North Economic Consulting (PNEC) is a Canadian-based firm dedicated to providing affordable, tailored economic development solutions for rural and small communities. With a reputation for hands-on support, PNEC specializes in business retention and expansion, strategic planning, grant writing, and municipal collaboration.

About Goldstone Consulting Group
Goldstone Consulting Group is a Missouri-based site selection advisory firm that partners with both businesses and communities to identify the best locations for growth. With a focus on labor analysis, housing needs assessments, and employment base reviews, Goldstone helps regions become investment-ready, fostering economic success and business expansion.
